So here's my question for the winkles. With GME giving all of the shares for the split to DTC and seeing that they didn't give them as they were allocated by GameStop How is it GME hasn't filled to get them back? I mean just seems to me if They did commit fraud wouldn't their be a court date? Even frauds when brought to light would have to, make excuse and wiggle out of it but seems would still have to give them back. Just because their all complicit doesn't mean their isn't someone to bring to the public?
