If you have a proven model that can turn \$1 into \$1.50, that's awesome. You make 50% returns.

But... if your buddy has a magical power that can convince people that \$1 is only worth \$0.10, and you buy that dollar for \$0.10, you turn that 50% return into 1500% return.

**\*\*WE HAVE NOT BEEN LOOKING AT THE WHOLE PICTURE\*\***

We've been looking at the people convincing us that \$1 is worth \$0.10, but have missed the bigger picture of those that buy the \$1 for \$0.10 and turn it into \$1.50.

Apes and Apettes, it's time to discuss **\*\*APOLLO GLOBAL MANAGEMENT.\*\***

This article will be delving into Apollo, but make no mistake... this strategy and process are likely widespread and far-reaching.

I have chosen to discuss this firm because it relates directly to our beloved Gamestop, and this shit goes **\*\*DEEP.\*\***

We've got... Criminal Activities, Hostile Takeovers, Private Military Contractors, Presidential Pardons, MSM Manipulation, and shockingly... **\*\*POPCORN APES WILL NOT BELIEVE A WORD I SAY!!\*\***

**\*\*IN ALL SERIOUSNESS\*\*** Apes, I know we like to tease, and some of us hold both, but if you read this article and see what I see in it, please do your best to educate the Popcorn Apes. Ok Apes, grab a cup of Coffee, Pop open that bag of \*\*Doritos\*\*, and \*\*Buckle the Fuck up\*\*... because this is going to be a ride.

BUT...

Before things get juicy, we're going to need to do a little bit of a History Lesson so all this shit makes sense.

REMEMBER THIS GUY?

[Michael Milken \(\Aka The Junkbond King\)](<https://preview.redd.it/1lyqm3xc19b81.png?width=762&format=png&auto;=webp&s;=ea82c836538d2eb2b6164aee64552eb3e6b67e93>)

Some of you will recognize that this is \*\*MICHAEL MILKEN\*\*

Well...

We are now in Episode 16 of the Billionaire Boys Club, of 19 BBC Parts... and if you remember WAAaaayyy back in Episode 1 of the series, I asked the question...

\*\*IS THIS THE FINAL BOSS???\*\*

Ok... this is STILL not certain...

But... he is \*\*DEFINITELY\*\* at the center of it all.

And this is where our History Lesson begins...

\-----

I'm not going to delve into Milken's story, (as it's not DIRECTLY related here) but if you want more info see:

[BBC Episode 1]([https://www.reddit.com/r/Superstonk/comments/nzkzi5/is\\_this\\_the\\_final\\_boss\\_john\\_petry\\_and\\_ken\\_griffin/](https://www.reddit.com/r/Superstonk/comments/nzkzi5/is_this_the_final_boss_john_petry_and_ken_griffin/))

[BBC Episode 3]([https://www.reddit.com/r/Superstonk/comments/nzxjra/billionaires\\_boys\\_club\\_part\\_3\\_the\\_big\\_boys\\_i\\_just/](https://www.reddit.com/r/Superstonk/comments/nzxjra/billionaires_boys_club_part_3_the_big_boys_i_just/))

[BBC Episode 4]([https://www.reddit.com/r/Superstonk/comments/o0isaz/billionaire\\_boys\\_club\\_bbc\\_part\\_4\\_recess\\_is\\_over/](https://www.reddit.com/r/Superstonk/comments/o0isaz/billionaire_boys_club_bbc_part_4_recess_is_over/))

And I'm going to assume you know a LITTLE about him.

What is REALLY relevant though... is that at the time of his arrest for Racketeering and Securities fraud due to his illegal activities in the \*\*JUNK BOND MARKET\*\*, in 1989, he was working for \*\*Drexel Burnham Lambert\*\*

After the Investigation, Drexel Burnham Lambert was forced into \*\*Bankruptcy in 1990.\*\*

\-----

Following this... a group of SAVVY ex-**Drexel** employees decided to set up shop for themselves.

This included:

**LEON BLACK** - Head of Drexel Mergers and Acquisitions

**JOHN HANNAN** - Drexel's Former Co-Director of International Finance

**CRAIG COGNUT** - Drexel High-Yield Division Lawyer

**ARTHUR BILGER** - Drexel Head of Corporate Finance

**ANTHONY RESSLER** - Senior Vice President Drexel High Yield Department

**MARC ROWAN** - Worked under Leon Black

**JOSH HARRIS** - Worked under Leon Black

**MICHAEL GROSS** - Worked under Leon Black

And thus was born... Apollo Advisors, which would later become...

**>> APOLLO GLOBAL MANAGEMENT <<**

(The Irony of a Company Called Apollo being at the center of this? Moon Simulation Much?)

\-----

NOW...

Leon Black had risen through the ranks at Drexel to become **Michael Milken's Right-Hand Man**, and built a fearsome reputation doing so.

[Source - Time Magazine: Paragraph 6](<http://content.time.com/time/magazine/article/0,9171,137095,00.html>)

This reputation meant within 6 months, Apollo Advisors had managed to raise **\$400 million** and launched their first fund. **Apollo 1.**

As you can imagine... after all he had learned from Milken, it didn't take Black long to start some fuckery.

Let's Take a look at one of his **FIRST** deals shall we?

# Adam Aron (Yes POPCORN Adam Aron!)

[Adam Aron CEO of Vail Resorts](<https://preview.redd.it/khgpm65019b81.png?width=310&format=png&a>)

uto;=webp&s;=027c8b36b71fc475c902b6052f118282aca91f10)

In the 1980's George Gillett was building a billion-dollar empire based on the odd combination of meatpacking and television stations, in addition to **Vail Mountain**, much of which was financed by the **Junk Bonds of Drexel**.

This all came crashing down in 1991 when Gillett **couldn't pay off the debt** on the notes from Milken. Gillett Holdings filed for **Chapter 11 Bankruptcy** and Apollo swooped in and became the majority shareholder by 1992.

Black quickly began selling off much of the Assets held by Gillett Holdings but kept **Vail Resorts** as part of his Apollo Ski Partners Division.

While under the management of Gillett, the Vail Resorts thrived, winning Ski Magazine rankings 5 years in a row, in addition to completing the China Bowl and Mongolia Bowls expansion and bringing the World Championships to Vail for the first time.

(I've no idea what this means, but needless to see they were doing well and the operation was ticking along nicely)

From 1996 to 2006, Aron was **HIRED BY APOLLO** as CEO to oversee their investment in Vail Resorts.

Though it's widely claimed that Apollo Management sold their stake in Vail in **2003**, according to their **SEC filings**, this didn't happen until **2004**.

>\*Apollo Management, headed by Leon Black, bought the company out of bankruptcy and took Vail Resorts public, controlling Vail Resorts through its growth\* **until around 2003**, when Apollo divested themselves of the controlling interest.\*

With the last recorded date of ownership being **5th November 2004**.

ANYWAY...

It wasn't long thereafter that Aron decided he was **going to jump ship** too.

In 2006 he **shocked** everyone by announcing he was quitting, but not before cashing in all his shares of course.

[Source The Denver Post](<https://www.denverpost.com/2006/01/30/vail-resorts-chief-quitting/>)

It's again... widely reported that Adam Aron did a **GREAT** job at Vail.

Everywhere you go, from his BIOs to Popcorn Apes raving about their Silverback, they quote the stock price of the company while under Aron's control, or how the business expanded, or how profits were up...

But there's another side to this story.

**\*\*Aron's loyalties lie with Apollo, nobody else.\*\***

And Apollo's priority is profits no matter what the cost.

Here's an article in 1998 by **\*\*Forbes Magazine\*\***, that describes how Aron went about **\*\*"extracting extra bucks out of the existing lift-ticket buyers,"\*\***

He uses strategies that ensure all visitors' money is spent at the resort itself. And this worked very well. He built restaurants, hotels, even a credit card that ensured Skier Dollars were only spent within Vail Resorts.

This came at a **\*\*MASSIVE\*\*** cost to local businesses though. Many of which suffered, or completely went out of business.

Aron's justification for the number of complaints he got from stealing local business? **\*\*"Sour Grapes"\*\***

He never tried to ease people's minds, or assure them of his intentions and plans for the future.

Source: [Forbes](https://www.forbes.com/forbes/1998/1019/6209070a.html?sh=1be464302a78)

But after the penny pinching, and taking the company Public (Followed by **\*\*7 Years of Stock Price Declines\*\***) the stock started to finally turn around.

And Aron started to build a reputation in the community (Apparently) that he and Apollo were **\*\*not the bad guys after all.\*\***

**\*\*IN FACT\*\***... almost everywhere you read about Aron's time at Vail, it's **\*\*HAILED\*\*** as a massive success story!

And he certainly gave the impression that he was **\*\*ALL IN ON VAIL!\*\***

Adam Commits to Vail, including selling stock options to "acquire a new residence in Vail for his **\*\*long-term\*\*** personal use"

This move was intended to show **\*\*"I trust I am expressing both my strong confidence and commitment here"\*\***

Announced **\*\*1 year\*\*** before he surprised everyone by Quitting and going to work for Apollo

(At the time, he did not tell anyone his plans to work for Apollo)

[Source Vail Daily](https://www.vaildaily.com/news/vail-ceo-aron-to-sell-stock-options/)

In saying all this... by the time Aron was DONE in Vail, profits were up, the stock price was up, the company had expanded and overall there was more money available to locals through various investments in the town and its people. (Apparently)

So everyone wins right?

\-----

Well, I personally think **\*\*A LOT\*\*** more went on here, but it's way beyond my smooth brain to comprehend.

In the 1996 Annual Report, there are 44 Mentions of Apollo

[<https://www.sec.gov/Archives/edgar/data/812011/0000927356-96-001229.txt>](<https://www.sec.gov/Archives/edgar/data/812011/0000927356-96-001229.txt>)

In the 1997 Annual Report, there are 8 mentions of Apollo

In the 1998 Annual Report, there is 1 mention of Apollo

1999 Annual Report, there is 3 mentions of Apollo

[<https://www.sec.gov/Archives/edgar/data/812011/000092735699001663/0000927356-99-001663.txt>]([http://www.sec.gov/Archives/edgar/data/812011/000092735699001663/0000927356-99-001663.txt](https://www.sec.gov/Archives/edgar/data/812011/000092735699001663/0000927356-99-001663.txt))

Then no Annual Report until 2002 - with 3 mentions of Apollo

[<https://www.sec.gov/Archives/edgar/data/0000812011/000081201102000016/vrifyo1form10ka.htm>](<https://www.sec.gov/Archives/edgar/data/0000812011/000081201102000016/vrifyo1form10ka.htm>)

Ok I'm getting into the weeds a bit I know...

\-----

BUT...

When you look back at the point in time when Apollo Actually DID Dissolve their ownership... things take a **\*\*SLIGHTLY\*\*** different tone.

In this article in the Deseret News discussing the move... the quote that, even though the stock was up, Revenue was up, and expansion was secure and even the Ski Lift ticket prices had been raised to the **\*\*HIGHEST IN THE COUNTRY\*\***... the company was actually losing money year over year?

>Separately, Vail Resorts reported a **\*\*loss of \$36.3 million\*\***, or \$1.03 a share, for the fourth quarter ended July 4, **\*\*wider than the loss a year ago of \$33.7 million\*\***, or 96 cents a share.

>

>Revenue for the latest quarter rose 4.2 percent to \$83.1 million from \$79.7 million.

>

>For the full fiscal year, **\*\*Vail Resorts lost \$5.9 million\*\***, or 17 cents a share, compared with a loss of \$8.5 million, or 24 cents a share, a year earlier.

>

>Full-year revenue rose to \$500.4 million from \$464.1 million.

Additionally, this article discusses:

>CEO Aron said reports in the media about the possible sale of the company were "inaccurate" and some of the "sources in the stories were either stupid . . . or making things up."

Following this, The Denver Post reported (No source as they were not online yet) that indeed Vail Resorts was Courting Buyers interested in **\*\*acquiring the company\*\*** for about \$725 million.

Aron said he couldn't elaborate because his **\*\*lawyer advised him not to comment\*\*** on market speculation.

>"I've said it as clearly as I can — the management team and everyone in the company is focused on operating the business," Aron said.

\-----

Another Article from around that time... in the Dever Business Journal, discusses how not only was Apollo selling its \*\*1.3 million shares\*\* in the company, but the company would also withdraw a shelf registration to sell another \*\*175,000 shares\*\* to Apollo Ski partners (Owned by Apollo Global)

And also references the losses the company was making.

\-----

How about we take a look at how the \*\*LOCALS REALLY FELT\*\*??

>As far as on the mountain skiing experience, where the hell have you been skiing? The market is overrun by discount, down-market bargain hunters who are squeezing out our alpha customer to the detriment of every business in town. Prices are so easily cut and so easy to raise that Vail Resorts profit margins are shrinking faster than a porn star in an ice cold bath. Unfortunately, many of us have assets here in the valley that are negatively affected by Aron's ineptitude.

Source [VailDaily](<https://www.vaildaily.com/news/tipsline-141/>)

>Hey I'm just calling to see what the other Vail Resorts employees think of Adam Aron's big bonus. We keep having these record years, and he can only muster a 2 percent raise for the last three years? That doesn't even cover our insurance going up. We're still losing money. He always talks about how valuable his employees are, and the locals are. How about a little respect? I agree with Gonzalo of the Minturn militia. If you keep messing with the local work force, hopefully, Adam, you will be moving on to greener pastures, like you deny. Pretty much you're no good for this community or Vail Resorts. Beat it, chump.

Source [VailDaily](<https://www.vaildaily.com/news/tipsline-110/>)

>I personally feel that as a community we afford Vail Resorts many privileges to bring business into the valley, widening the Frontage Road and opening Ford Park to allow for overflow parking.

>

>We developed a master plan for the village and Lionshead with VR's redevelopment in mind. Yet the more we give the less we receive as a community.

Source [VailDaily](<https://www.vaildaily.com/news/letters-to-the-editor-238/>)

>Never mind the visitors

>

>I think it really stinks that Vail Resorts doesn't let the locals ski until Sunday the 3rd. We used to be able to ski on the first of January. Kaye Ferry is right. The merchant pass prices have gone up and we have less skiable days.

>

>Worthy of investigation

Source [VailDaily](<https://www.vaildaily.com/news/tipsline-159/>)

>I would just like to comment on tattling where the individual here is talking about Adam Aron being parked

in a handicapped spot on Christmas day, because the editor's note here says that Vail Resorts' CEO Adam Aron has had a foot injury requiring the use of crutches and a wheelchair. Miraculously, on the 27th, I saw Adam Aron at a party where he did not require either a wheelchair or crutches, so I'm not really sure what you guys are up to, but that's a miraculous recovery in two days from a wheelchair and crutches to partying down on the 27th of December. Thanks for all of your investigative reporting.

>

>No excuses

Source [VailDaily](<https://www.vaildaily.com/news/tipsline-159/>)

Seriously... there is a shit ton of this stuff. You Apes should take a browse if you want to get a REAL feel of how the locals viewed Aron.

Some of it is hilarious... but a lot of it highlights how **\*\*poorly employees were treated\*\***, how locals ski access was continuously abused in favor of higher profit tourist ski, how the town has suffered financially, and how generally... very little good will seemed to have ACTUALLY been directed at Aron, despite what all the MSM and Experts say...

And remember Aron's response to this???? "Sour Grapes"

All in the name of better profits for Apollo

>In regards to the tattling on CEO Adam Aron. I was the tattler, and Mr. Aron was actually running to his car avoiding the snowflakes that were coming down in the parking lot at Safeway. So I don't normally bash others, but you guys need to get things straight before you start printing stuff.

LMAYO

\-----

So does this mean that Adam Aron was doing a bad job as "INSIDE MAN" for Apollo?

Well I went and checked...

And in FACT, he was doing a great job for them!

The company was not losing money at all.

Every Year, from 1996 - 2006, the company was profitable!

WITH THE EXCEPTION OF 2...

2003 - 2004... right around when Apollo decided to up and leave.

I WONDER why that might be?

If you want to check out all years, you can go to SECs Edgar search results here, and just click on Annual Reports and search for Net Income.

[<https://www.sec.gov/edgar/browse/?CIK=812011&owner;=exclude>](<https://www.sec.gov/edgar/browse/?CIK=812011&owner;=exclude>)

But here's a quick snapshot from 2006 Annual report highlighting the 2 losses:

<https://preview.redd.it/uhagbv2s7xa81.png?width=1294&format;=png&auto;=webp&s;=60a50192c6023b1add33e43b520a38b1fa8d0127>

Now to be fair... after Apollo had dissolved their position, Aron did bring the company right back to profitability making \$23 million in 2005.

And though he can only be credited for half of 2006, from that point on (After Aron left) the companies profits soared.

By 2008, Company \*\*profits had increased by 400%\*\* of Arons last full year.

Source: SEC [<https://www.sec.gov/Archives/edgar/data/0000812011/000081201108000026/form10k.htm>](<https://www.sec.gov/Archives/edgar/data/0000812011/000081201108000026/form10k.htm>)

(Search for Net Income to see a 5-year snapshot)

So whether or not you consider this doing a good job... is still up to you. BUT...

\-----

What I do know, is this:

- \* Milken Sold Junk Bonds to Gillette
- \* Gillette Couldn't pay the interest on these bonds and filed for Chapter 11
- \* Milken's buddy, Black took over the company by buying up these bonds
- \* Black sold off the excess assets, acquired some new assets, and then took the company public
- \* They used the proceeds from the IPO to pay off all the bonds ([Source SEC](<https://www.sec.gov/Archives/edgar/data/812011/0000927356-97-001483.txt>))
- \* They brought in Adam Aron - Who was their pick of Investors at Apollo ([Source Aspen Times](<https://www.aspentimes.com/news/vail-ceo-stepping-down/>))
- \* And proceeded to milk as much revenue from the company as possible ([Source Forbes](<https://www.forbes.com/forbes/1998/1019/6209070a.html?sh=1be464302a78>))
- \* While paying themselves Management fees ([Source SEC](<https://www.sec.gov/Archives/edgar/data/812011/0000927356-97-001483.txt>)) Director Salaries, Bonuses and Stock Options.
- \* When they were done expanding, and the stock price was recovering (From 7-year declines), they sold their shares on the market and moved on.

Maybe I'm being a little harsh here, and there is DEFINITELY more digging that can be done into this, but that's not why we are here.

Regardless of what went down... I think it's safe to say \*\*AT LEAST THIS\*\*...

\*\*Adam Aron\*\* works for \*\*Apollo Global Management.\*\*

\-----

Ok... I need a FUCKING PUPPY BREAK AFTER ALL THAT!!

Wait... what??? That's not puppies!!! Aww... but their still cute anyway...

\-----

So without getting into the weeds too much...

Let's have a look at the rest of his career shall we?

**\*\*1993 - 1996 Norwegian Cruise Lines - Aron is CEO\*\***

2007 Apollo Global Bought 50% of Norwegian and took them public in 2013

(Source: [[https://en.wikipedia.org/wiki/Norwegian\\_Cruise\\_Line](https://en.wikipedia.org/wiki/Norwegian_Cruise_Line)])([https://en.wikipedia.org/wiki/Norwegian\\_Cruise\\_Line](https://en.wikipedia.org/wiki/Norwegian_Cruise_Line))

INTERESTINGLY... The announcement of Aron Quitting (There's that word again... quit), was made in the Sun-Sentinal.

**\*\*The article however no longer exists\*\***. So I did a little digging.

According to the Wayback Machine, Quitting Announcement Article had been basically dead for decades... until 2021 - As obviously Apes started researching Aron

<https://preview.redd.it/a2nog2st8xa81.png?width=1199&format=png&auto=webp&s=830363c425d86752a9c09130f060f6d55f240fcf>

NOW... all but 2 snapshots of the article have been removed from the Wayback Machine.

So... I took a screenshot to ensure it can't be deleted again.

Here's the link to the Source on Wayback Machine (But don't be surprised if this link mysteriously does not work anymore)
