I've been holding GME since February 2021. I've cost averaged down to \$123 a share (and now \$36.75). I've got 100% on TDA. I'm hesitant to DRS because I've never used ComputerShare as a platform before. Do they buy/sell quickly? Let's say we had a tear up to \$1,000,000.00 for completely hypothetical purposes. How fast can I mash the "sell" button and how likely would it be to get that order filled? So far my TDA account has been phenomenal. Give me a reason to transfer...
