Good evening dear Apes!

Usually I use TradingView to follow GME on NYSE even though there is huge gaps all the time and not much volume going on. So I just watched the last couple seconds on youtube: "Stocks Level 2 Data Live: [#GME](<https://www.youtube.com/hashtag/gme>) | 13th May 2022" I saw a trade of 32000 shares at 16:00:02 on NYSE. Why doesnt it show up on TradingView? I cant find it anywhere? WTF?

Can anyone explain pls?
