WWW.DRSGME.ORG has received \$9756 towards our goal of \$50,000 for our digital internet advertising campaign. ****We want to reach and educate millions, not just thousands, about DRS.**** We are meeting with our 2 advertising professionals this Thursday. Every cent of funding will be 100% spent on this campaign. For transparency, we will share the details as the funds are used. ****Our goal with DRSGME from the beginning was to quickly lock the float by educating the masses outside of Reddit about DRS, thus exposing the corruption of Wall Street and likely launching MOA*S.****

The funds will NOT be used to offset our costs for the website itself. u/derhyperschlaue and I have paid for everything out of our own pockets. However, we obviously can't do that with a huge global advertising campaign. We obviously need your ****support!**** So, please see the new, GREEN button on the website and do what you can to help us share this information with the world.

****Changing the world is what's at stake!****
