

Title: Yesterday 10.30am we hit a volume of 4.20M,thought we'd eat 20M volume. I was wrong fell short at 16M. But we brought the average volume from 7 to 10 million. Now today, at 11:30am we sit at 10.30 million volume,for 6.7% fall in price? Haha Jacks my lil ol titties a lil bit. 20M is back on the menu!
