Ryan Cohen is the largest individual shareholder of Apple. Apple reports earnings tomorrow. Today RC tweeted about “iToilet” and made a poll asking what Apple should make next, all with toilet references. Then he replied to someone who drew a sketch of him as Rose from Titanic. Rose is the only character from that movie who survived.

This is not bullish for Apple.

But didn't RC say a while back that the apple doesn't fall far from the tree? ■■
