N. ever been concerned bou**T** the ch**e**que,

it's all verb**s** merged b**l**urred, like distressed debt,

Wh**a**t I'm calling this here, yo my best yet,

track it back far enough, you might find the next net,

no respect in a game of excess, **J.** ust like chess,

....but a utopia never been the focus, hocus pocus,

Pull it overheads like the locusts,

reality a fig**M**ent of the m**o**tions like the ocean,

anything defined in your mind, just take a dosage,

to find materialized drive, just **r**emember this tale's old as time,

plenty of us shining li**g**hts on the fire now...

only **a** matter of crime, before we fi**n**d out...

When companies die, Who are the lenders....?
