My comment from r stocks, was removed for "hate speech," but all I was saying was my personal opinion on why I dislike Apollo Global Management...Maybe there some parts in my comment that got auto banned?

****What do you all think of Apollo Global? Are they involved against our stock?****

I have copied my original comment below to share with y'all cuz I spent time linking it DAMMIT.

Enjoy brother autisticats

Was asked why I don't like APOLLO GLOBAL, \[**ITT]**

****([**https://www.reddit.com/r/stocks/comments/qy3pz7/comment/hle0by5/?utm_source=share&utm_medium=web2x&context=3](https://www.reddit.com/r/stocks/comments/qy3pz7/comment/hle0by5/?utm_source=share&utm_medium=web2x&context=3))****

....

....

Maybe they're fine...but *I* don't like them.

***They smell fishy to me...but I'm only a recent (serious) investor in the markets. So what do I know?**

All I can say is I got a good education on the markets this past year and I tend to pick things up pretty good. (Background in economics and psych)

I first heard about Apollo because they were big short on GME (at some point) and were in some of the [DD's](<https://fliphtml5.com/bookcase/kosyg>). (don't remember exactly which one; but here's a link to all of them.**All public information* Just google Apollo Global superstonk and lots of stuff comes up*)

****IDK what their status is now and for all I know they could be embracing DAOs and DeFI**, *but likely still short my precious stonk, imo.***

In either case, with that *bias* out of the way *phew*.

.....

I'm [Not a fan of the founder](<https://www.ft.com/content/5e90cbac-edcd-4aba-a925-8782d59b8a1f>). To say the least.

Seems like they *might* be in the ["Black edge"](<https://www.nytimes.com/2017/02/01/books/review-black-edge-an-account-of-a-hedge-fund-magnate-and-insider-trading.html>) (must read) crew. The more I read about finance, the larger that "crew" seems to be.

Like my recent favs, Milken/S.Cohen/Griffin/Tenev/Plotkin etc.). Apollo may be in with that crew, ****but who the f knows****. Maybe not.

As I said, I have a day job and can only read about this stuff so much.

It seems to me that a lot of people that are anti-reddit and anti-retail investors today, are the same [banally evil bozos](<https://www.youtube.com/watch?v=8Km0LQCK-9I>) we've had for a while.

From the same disgraced [Drexel Burnham Lambert](https://en.wikipedia.org/wiki/Drexel_Burnham_Lambert). (*Scroll to former employees*)

[*This guy takes the cake.*](https://en.wikipedia.org/wiki/United_Airlines_Flight_976) *But a lot of the alumni seem like...nice people.*

What is ****dumbfounding**** to me. Is that we have a ***financial media*** that is not only blind, ****but complicit****. [made up of these](https://en.wikipedia.org/wiki/Guy_Adami)guys; a [governing body that is made up of these guys](https://www.reddit.com/r/Superstonk/comments/nc9j6j/former_sec_chair_jay_clayton_who_was_replaced_by/); etc. They laugh while they burn our shit to the ground and extort our leaders and press. and ****everybody**** seems to think that the ****moral degradation and straight up rigging of everything, would go unnoticed indefinitely.****

Well guess what, about 15 million people noticed this year and it's not going away.

I just think Apollo is highly involved. I may be wrong.

/endrant sorry if this is the wrong subreddit.
