So, Ryan has bought a phat share in BBBY, some 9 or 10% stake. This is about as much as he went in on GME originally. Does some wise ape have some figures on where that puts him in the list of shareholders? RC has already said that he's either all the way in on something or all the way out so that tells us he must really have some faith in candles and bath towels. Something scented for when us apes are looking at charts on the shitter mibbe. OK, but seriously. There has to be some kind of plan here. What is it? Is BBBY how RC intends to beat Amazon, selling everything that isn't tech related through a GME platform? We're usually pretty good at prophesising the future so let's get to work
