Hola amigos, Mexican Ape here...

I thought it was important to let my gang know the following:

So I decided to do something about DRS, ended up ordering a CHEAPER stock from giveashare just so that they could set up my computer share account. (I blame my poberty for that, don't hate me)

After 3 weeks finally got the share in Mexico, but wondering when would I get my DRS statement.

Today I called giveashare to get an update on my DRS and the lady from the same company mentions the following: " Oh since this is not GME this will take longer"

That catches my attention and I ask why , to the which she responded: **"Computer share has a whole department dedicated to Gamestop due to the huge volume coming in"**

That is so cool from computershare, can't wait to get that DRS statement to get some real shares!

****To the moon!****

Edit1: typos...
