So I Have told my colleagues, parents, and a few friends about the possible impending future. I am able to converse and provide DD And how to possible mitigate it thru GameStop. So only my wife and parents have invested in the purple circle now. I feel like Moses with an ark telling people the earth is about to flood but no one listens. No matter what facts you present or how well of a speaker you may be it is hard to turn the sheep. May the force be with them when the tides turn :/
