Funds hunt for stop losses. Don't make their job easier! Funds don't broadcast their actions so no need to broadcast yours.

If you've bought, keep holding, register your shares, and shop GameStop. If you've been thinking about getting more, this is a great time to get some.

Note: I've been made aware that limit buys lower than the current ask are a mixed bag. Your call on those since there appear to be good points and bad points that exceed my wrinkle quotient.
