After 2 long months of run around with Vanguard, I finally got my GME tickets to the moon registered to my name! Couldn't be prouder of all those that have made it this far.

For anyone trying to DRS with a Vanguard joint account, you must first transfer the shares from the joint account to your personal brokerage account in order to get them successfully transferred to CS. The first part of the process took a few weeks for Vanguard JUST to tell me that \^ (after original transfer was initiated), then 2 weeks to transfer from my joint to my personal brokerage, then another 1.5 weeks to transfer from Vanguard to CS. Jeeeebus.
