Hello guys. You don't know me.

But this is my game. This is you're game too. I am a player of this game..

And I'm ready to play. I am a master of learning the math so i can get max crit in diablo or warcraft or any game\*\*\*. So are many of you.\*\*\*I'm good at this game too..Well these mother fuckers have found out how to change the game so they get max crit on every financial transferThis is a raid against the hackers of my game.

There are patterns i am about to expose that i need you to be patient with. i need you all to just smoke one and chill with an open eye. I will show you which funds are used against us and in which manner. blac.krock and vang.aurd are using all of the positions that they hold to manipulate the market in a manner that isn't fair to anyone but them. I will show you exorbant prices and then go through the full breakdown of the institutional investors behind GME.

For the love of anyone who has been silenced like i have and persevered, watch this. I only have 5 gme. I spent stimulus on this. I have learned so much from ALL of you that this is my giving back. I love you all for all that you have taught me and they will never take this away from us. This is our game. Let's take our game back.

I LIKE THE STOCK. I LIKE THE COHEN. WE ARE GME. JOIN US.

PLEASE INSERT 1 GME TO PLAY. POWER TO THE PLAYERS.
