As the title suggests, I have asked XTB about the incoming splitvidend that GME announced.

Their response was that I will not receive the shares but rather the cash equivalent.

This is just to inform other apes of this issue.

PS. I have proof of communication between me and XTB but it is in Romanian, since aparently they do not want to talk in English. (Romanian ape here)

PPS: I only have a couple of shares in XTB, and some in T212, the rest are DRSED - check my profile to see that.

PPPS: I do not have enough points to post on SS, so feel free to post it there, I do not care about points since I am just a lurker who enjoys reading more than speaking
