Guys, I am a super retard. I live in the UK and after having conversations with Etoro I am seriously considering selling my shares with them (I have held since feb so not something I'd take lightly) but they can't give me a straight answer. I guess they don't even know what's going to happen when MOASS comes. I lay in bed sometimes thinking fuck, what if they close my trades. I have briefly looked into DRS (Again I am a retard I know UK apes have already been doing this but I just need some further help with things) I've been lurking for a long time and In honesty don't really know how to use Reddit. Hence no Karma etc. My grammar is shocking as well I'd like to go back to school after MOASS as I never did my GCSE's. Please Please Please can someone assist me with this.
