What if:

at AGM - RC announce NFT Market place with Immutable X as the opening statement: We're Live with Immutable X NFT Platform.

.. and then as a kicker for at the end of the meeting : Accounts have been created for registered holder and dividend has been distributed, and information has been mailed out. Thank you for investing in Gamestop, power to the players.

Loopring cannot be active until Immutable X as per the prior quarterly.. or one of the quarterly that they will onboard Immutable X first, then loopring.

Loopring is a L2 finance platform while Immutable is a game trading platform.

We know Immutable X is before end of Q2, so Loopring is likely after Immutable or after Q2? ..

or maybe on the same day.. would be awesome surprise
