Finally, after my lone scouting share arrived safely, I went 98%. Now almost all my GME are in my name and in safety from the evil clutches of the Empi...hedgefunds! Just a couple remain with some other brokers, just to piss on them and their obligations when time comes. They will pay me handsomely. The rest will be enjoying the hot bubble spa the infinity pool is. Phone numbers including country prefix and area prefix is my floor. I'm ready. I'm Zen. I'm playing the waiting game, and I cannot lose. Nor can you! JUST GO DRS YOUR GMEs (and popcornstock too if you got some, sadly they're really behind in this..) This is the way! Buckle up, let's fucking gooo!!!!
