Completely irrelevant, just a coincidence.

Our small family business (bistrot by day, Italian restaurant by night) just had it's best ever check from a single table in 11 years since we've oppened. Some 25 Americans had a great time, drank a lot of wine and ate all of our burgers and steaks that we had available for the day. And of course the best day of our business had to have a total sum of this number:

[Seven. Four. Fucking. One.](<https://preview.redd.it/rdms0dsgbhk91.jpg?width=1143&format=pjpg&auto;=webp&s;=65bc8be842b5bd4176e35484b92a5404a5376b94>)

I was staring at it in disbelief, laughing my ass off as my coworkers were confused. How do you even explain this to somebody? I guess once I'll be in a Porsche they'll get it.

I love Gamestop. I love Ryan Cohen. LFG
