Seriously. I would like some kind of explanation or thoughts. And no, "crime" is not an answer. That's just someone wanting to comment.

I am looking for legitimate thoughts as to why this has occurred.

Don't come at me with this shill bs or attack me for asking a question. I am not here for the gme echo chamber, I am asking for legit opinions. If you want to call me names and a shill, or whatever, move along and go play in your bias confirmation pool, where facts don't matter.
