Caryon snorting aside, there's a feeling I got, like something's about to happen, but I don't know what.....

JK, CrayonCast is back again with another audio DD. This is u/atobitt's BlackRock Bagholders.

The episode is live now on

[Stitcher](https://www.stitcher.com/s?fid=627662), or for those who don't want to get listed, directly

CrayonCast has some bomb news to share, something about a partnership with a fella who is also into audio DD, but I think I'll keep you waiting a little hehe.

The voice of this article is u/SecretlyReformed.

The music is by u/BrectthePoet.

The audio engineering/mixing is by me, u/pikkl_rikk. So blame me for the excessive BG noise control in parts of this one lol.
