

Title: Warning! Mods on SS removed my Doug Cifu post and banned me, there is something fishy going on and it seems like someone (dane et al) is trying to protect Doug. Notice how there is no DD on Doug Cifu or Jeff Yass? I know the post had grammatical errors but info was good and coherent enough.

**SCUMBAG & FINANCIAL TERRORIST.**

[Doug Cifu](#), went on National TV last week to brag to the entire globe that he provides "infinite liquidity". Let me say that again... "INFINITE LIQUIDITY"!!

Let's not parse words here, he is talking about creating **COUNTERFEIT SHARES** of the companies we as retail invest in.

This means that shares in the companies [BBT](#), [TVC](#) are diluted and the supply and demand is manipulated. The value of your shares is wrong and Doug [Cifu](#) is to make a lot of money off of your ignorance to this fact.

Why is this not all over Reddit and Twitter? Why is the world marching down to Wall St? The entire system is a giant [ponzi](#) scheme and is completely fraudulent.

\$GME is a war of hope to destroy the corrupt system. I will be right beside you, holding to infinity showing Wall St. what infinite risk really means!

**THIS IS A WAR FOR THE FUTURE OF HUMANITY!**
