Lots of great music has been posted in /r/ratioatblessions and it has inspired me to start a new weekly thread! Music connects us all and speaks to each of us in different ways. Let's share that love of music and connection by discussing our favorite songs surrounding a theme.

This Wednesday's theme is **\*\*Inspirational Songs\*\***. Sometimes the grind of life can get us down and we could each use a reminder that we're stronger than we think and we are not alone. Sometimes others can work hard to tear us down but we are limitless and will achieve whatever we set our minds to just by being our unique selves.

Here are three I've been listening to recently to get us started!

[Rise Up - Andra Day](<https://youtu.be/FBulBaDSOa4>)

[Hall of Fame - The Script](<https://youtu.be/1yBc5aDEk5o>)

[True Colors - Cyndi Lauper](<https://youtu.be/2ecaYj14z3M>)

What songs inspire you to keep going and to be yourself?!
