I've been here since January '21 and been on the GME DSR train since the good Dr brought it to our attention. Buttt I eased into the waters...DSR'ed slowly...until I was 90% ComputerShare & 10% Fidelity.

TODAY THAT CHANGED

In light of recent events...continued HedgeFund fuckery, "governing bodies" inability to govern, and realizing my fellow owners in this great company need me...I'm proud to say I'm now 100% DSR'ed as of this morning.

Oh yea- And I made my first purchase from Computershare. A substantial amount (for me) to celebrate this breakthrough moment of mine. 100% DSR'ed, purchase direct from ComputerShare...

AND IT FELT FUCKING AMAZING!!!!!!!!!!!!!!

For the first time I'm sensing an urgency, a different kind of excitement. Like entering the 4th quarter of a close game (before my knees were shot and the computer became my battlefield).

Edit: The bot will be fed upon settlement

LET'S FUCKING GO!!
