Hey guys! Because of the great support y'all showed me when I posted this [https://www.reddit.com/r/GME/comments/w2354e/thank_you_apes_for_the_inspiration/?utm_source=share&utm_medium=web2x&context=3](https://www.reddit.com/r/GME/comments/w2354e/thank_you_apes_for_the_inspiration/?utm_source=share&utm_medium=web2x&context=3) about a week ago, I uploaded a new tour of the track. Lots of GME related fun in there!

We shot our first round of races last week and started editing them. I'm putting a bunch your suggestions in there, as well. We'll be making NFTs for all of the teams and drivers. If they win and you have an NFT of the driver or the team, you'll get a free trophy NFT! If this becomes something you really care about, I'm open to voting on the final team's name and drivers before we mint the NFTs. Feel free to keep the ideas flowing... or hell, hit me up in the chat and I'll see if I can get some little signs made up for some of the apes to hold up during the races... put your name, slogan, whatevs! If it's stupid and fun, I'm game.

Again, this sub and GME have put a spring in my step I haven't had creatively for a long time... you guys rock! Thank you for the inspiration! Buy! HODL! DRS!
