Dear ape. I can. I can write again. GME FOREVE

1. Mode thanks for your patience. I do know my posts don't concern this group.
2. Thanks for all. I do feel your support. It helps me to fight my fear. Fear of my family, my cats, my friends who came and live in my house, my city and our freedom.

I have been living all my life in Odesa Ukraine. I felt how the country ( USSR ) can be destroyed. I am used to living and fighting for our life. Not something special. Family work stable income freedom. Everyone wants it. . Both have similar thoughts.

I don't want to be anonymous.

I was born 18 June 1973 in USSR.

Ape I feel the same while I am here. Honestly. GME money is important. But when I look into I understand that system wants to devastate us. The system can use a ladder attack or real bombs on our heads. It is the same for them.

Odesa has not suffered as other cities in our country but we have been waiting for an attack for several days. The weather for us. There is a storm on the see and they can not drop off troops. But air attacks are all the time and attempts to lend are going on.

Today they destroy the peaceful ship HELT, owner of Finland, flag Panama.

I post today several photos. Its important fo us.

You can see the plate number. It is Ukraine.

They claim they don't bomb the civil place. Mean anything to you? That is mem stock. That is hype. It's worth nothing. I really know our life is a fight. Regardless of who.

Thanks for your attention dear simple ape. I am like you. I only want to be free. My own fa..ing freedom. Freedom from system.

I wrote and feel easy. I am ready
