### Bank of "Gmerica" is coming.

Please bear with me as this is very speculative. But who doesn't like some speculation the days?

I'm sure everyone has seen this by now, if not check it out

Gamestop is creatively a bank, so funny hahaha

Okay, that was posted originally back in 2014 and unrelated right. But is it so far fetched? What would need to happen?

Fast forward 2020. Suddenly gamestop is more on the ropes than ever before. DFV and others see major exposure of short banks and hedge funds. One of those banks majorly exposed is Bank of America, will they collapse? Many speculate yes, they will, and it's inevitable.

Fast forward to 2021. Loopring starts to solidify itself as an L2 solution that is clearly working closely in conjunction with gamestop. Its full purpose and capacity are still unknown but it's tightly knit. One thing we do know? Loopring keeps fucking shouting it at us BE YOUR OWN BANK.

BE YOUR OWN BANK

Now we've had GMERICA trademark on our radar for a year, but recently this post showed that the canadian trademark was changed to NOT be for the purpose of retail!

So what the fuck is it for. Come on guys. You're telling me a company amidst a turnaround, with the best minds in crypto finance, a new amazing WALLET, an upcoming marketplace, an L2 solution with the best functionality many have ever seen, and a GMERICA trademark with Gamestop locations in almost every major city?

I realize cokerat tweeted something oddly similar but I refuse to acknowledge it. Why would he tweet that? Insider info and he needs plausible deniability for shit talking us for over a year. "look I predicted it!".

**\*\*Bank of Gmerica\*\*** is coming, did you bring your coat?
