But tonight, Ryan tweeted out the movie of course asking who was all going to see it. Anyways, long story short, is it possible to prove how many tickets were sold to individuals, possibly showing us a round about number of say....a GME share count? I know some people are going to buy up entire theaters but, individually, is that possible? Idk, just sitting here watching some Salty on FBGaming and I had a thought about that. I know movie ticket sales were always praised and hopefully all the shareholder/demonsemen show out (BTW I seen it today and it was great now that I've analyzed my thoughts) and eyeopening to the Kraken themselves. Pay attention as well at the end..."and counting..". And that's all.

ED: Also, I seep people talking about the Documentary and how the narrative indicates it's done and over with. You may be right...for them. They do mention Melvin shorts closed, nothing at all about Citadel. Idk.
