It's very easy to get desensitized to the situation at whole, but the fact that we're up against the most powerful people in the world, we have them by the balls, and they've been throwing everything they have at us. This has been the closest thing to a grassroots movement I've ever witnessed. It's so surreal our family and friends won't even believe us. My grandfather got me into investing in stocks and he would be appalled at this mess. Wall Street right now is equivalent to the steroid era in the MLB, or the New York Mafia in the 80's. Some serious change is due. To me, this is our only chance to change the world, and I'm fully confident apes will not let up. I'm pretty young, so I have more than 99% of my net worth into GME. It's easy to forget how far we've really come, so hold on. Things are starting to fall into place...
