

Title: So user Muser millertime has sole control of the bank account for the drs website and has withdrawn almost \$15k of donations without much transparency. Looks like they are grifting retail.

Called it. They commented on something I've said in the past and suggested I sell other investments to invest in gme. I already own gme. I reported it to mods and I was banned from another sub for calling them out. Millertime then deleted their comment. Standard grifter behavior. Be careful of what some people try to get you to donate to.
