Watching the crazy activity with GameStop over the last week it's insane what the shorters are doing. They are bent over in two driving past toilet stops wondering why oh why they had so much chill sauce on that chicken pakora... Then stopping and getting a kebab wrapped in a 16 inch pizza! Then still not stopping as their butthole struggles to hold back the unholy mess as they try to continue a 500 mile drive.

There is only so much that a butthole can hold back and it's seams are failing.

Sorry for the gross analogy.
