Ha. How can this be any more obvious? I mean, seriously.

GG is the Great and Powerful Oz.... and Toto pulled back the curtain.

So from being up \$18.99 GME gets hammered down to um, where are we now... \$5.61?

Genslers news today is also bullshit. If you read it, it says there is no requirement to make the reporting public, meaning those fucks will be able to continue with the lies, cheating, crime, and manipulation, with impunity.

Well done Chairman Gensler, you have failed once again.
