The screenshot shows a mobile app interface for a stock portfolio. At the top right, it says 'Portfolio Value USD \$172,198.52'. Below this is a table with the following data:

Holdings	Quantity	Price	Market Value

Below the table is a button that says 'Add External Holdings'. On the left side of the screen, there is a sidebar menu with options like 'profile', 'activity', 'earnings', 'watchlist', and 'history'. At the bottom left, there is a small summary card for 'GME' with a value of '\$172,198.52'.
