Well Mayo Force 2 is still sitting in Midway International Airport as of Friday 3:00 AM EST but Mayo Force 1 is on the move in a big way. Currently it is sitting on the tarmac at Stansted International Airport just outside of downtown London. A few months back both Mayo Force 1 & Mayo Force 2 were making weekly trips while our favorite stonk was going through it's wild cycles ? Wondering with all the shorting this week and with Game Stop's big announcement about thier partnership with Immutable X if the pressure is starting to get to Kenny boy ? What's he doing in London lining up more investors ? What's next is he going to fly to Nice France to trade some Coins ■ ? Our favorite stonk had a bit of some action in AH gaining \$3:00 USD with very low volume. With Mayo Force 1 flying straight to Europe from Chicago right after closing, didn't even bother to stop in New York tells me think somethings up ? This is very unusual, Mayo Force 1 or Mayo Force 2 has not been to Europe in a few months ?

Well we shall see what today brings ?

GME to the moon ■ ! Take Care Folks !
