I really don't think enough apes are listening and realize the sense of urgency that's needed. Don't give the hedgies "one more day"!

#RIGHT NOW, PLEASE!!!

Get off your butt, turn off the video game, TV, and especially the porn, or whatever else you're doing and get on whatever social media you know how to use and **spread the word about how critical DRS is to all the people outside of Reddit* that already own GME. Also, the the word about GameStop's fundamentals and turnaround plan to those that aren't already investors. Twitter, FB, Instagram, YouTube, Stocktwits, Financial apps, etc., etc. If you don't know how to use any of these, please learn or ask. I (somewhat) figured out Twitter just so I can do this. I'm old and tech-challenged, so I know if I can do it, anybody can do it. I'm here and happy to help you in anyway I can, either by telling you how to use these things, putting you in touch with another ape who can, giving you scripts or phrases to use, whatever...comment below and I will answer/help. I already hired an assistant months ago to run my business specifically so I can spend many hours a day every single day here helping others and learning. Other than the Gospel, there is nothing more the important than this!

#Changing the world is what's at stake!!

Please do this as much and as frequently as you can. Who can't tweet a few times a day or week?

This community has made it clear what it can do when it puts its hive mind to it!! Do your part. Join the fight. The one person you "reach" could be that special person that has \$millions or that will reach 1000's of others!!
