About the Pirate Flag in RC's most recent tweet, it seems kinda out of place after the words "God Bless Gmerica". Then it strikes me this morning that the word "pirate" rhymes with "private". As I'm a smooth brain, I don't know what to think of it besides maybe RC is hinting something to us. (GME going private?) Any wrinkle brains here wanna chime in if it could possibly happen? If so, what's the effect to us the diamond hands?
