Direct Registration System (DRS) Fees

Webull holds all positions under the street name. We do not currently offer direct registration which allows investors to have their security registered in their name on the books of the issuer registered shares held by individuals. Our Clearing firm, Apex, charges a fee of \$115 per position to transfer shares out to the issuer or company transfer agent to register the shares. If the transfer fails, Apex will charge an additional fee of \$125 per rejected transfer.
