I questioned the obsession with Pulte on SuperStonk, because I found some evidence that money he said he paid on Twitter was not actually paid out. And that some of the “winners” are bots and porn accounts.

I've now been banned for 7 days.

This has really upset me. I'm a legitimate GME ape, been here 1 year+, and it's worrisome to me that simply questioning something warrants a ban. I was not abusive and did not break any sub rules.

Am I the asshole here? I am sorry for being legitimately concerned about something. I don't know, I just feel bummed. This ban has made me question everything. No dissent or discussion allowed? That's not a positive sign for me.

I'm now questioning whether I'm just an idiot. I'll probably be banned here too.
