My Grandad has just rented his dream flat for 6 months. The people letting the property wouldn't allow him to rent for any longer than that as they are trying to sell it.

He obviously can't afford the £300k+ price tag, but I know the first thing I will be buying with 1 of my shares!

I can't wait to see his face when I tell him.

He's 83 and my Nan is 81 with dementia and the flat looks over the sea.
