Europoor ape trying to buy \$GME through Revolut to transfer to ComputerShare and DRS to support the cause.

When I place an order, it says "your order has been transferred", but on the transactions pages the order shows as declined. It's the first time I'm using Revolut. Are brokers not allowing the purchase of the stock again, or am I doing something wrong?

[status: declined](<https://preview.redd.it/ub7k2e1u3ax81.png?width=1144&format=png&auto=webp&s=1f7e56c56391f31c8f81fc063aae0adf4103c9d8>)
