This is just a note to say how fkn happy I am to think about all of you out there sloppy faced just pounding away on your keyboards like primates.

Staring down these final bosses, and just launching Fkn Purple shot after shot, every code, every cheat, every button, we know every move, every hour we've spent trying to beat this game, we're looking at it come together all around us. A depth of power never even seen before, let alone won by some ugly mfrs like us and it's the most beautiful fkn thing!

Every time, I look down at my dumb phone with my dumb face, and think holy sh*rt we're winning this, holy fkn apes go! Fyre ! Fyre ! ■■■■■■
