So we've all seen that dumbass MSNBC video going around telling us to mess with options and cash out at 420 lmao. We obviously do not need to do either one of those things they are not our friends. Any stock that Shitbag Cramer tells ppl to buy ends up bag hodling. He makes an announcement and 6.9/10 times the exact opposite is the positive outcome. So same thing goes for this dumb shit they put out. Hodl gme drs vote
