Also, not sure of the relevance but apparently they filed an 8-k this morning that stated they could pick n choose which directors are part of the "excess benefit plan"

[Tootsie Roll 8-K filed today](<https://sec.report/Document/0001558370-21-016693/tr-20211210x8k.htm>)

<https://preview.redd.it/l7t5e06bjc581.png?width=1055&format;=png&auto;=webp&s;=45acb8e79d13dbce3b23a355d0d8d63f546f6634>

[Section 10.1 that it referred to:](<https://sec.report/Document/0001558370-21-016693/tr-20211210xex10d1.htm>)

<https://preview.redd.it/9hyiropic581.png?width=984&format;=png&auto;=webp&s;=2e1eeeea6a5154fa99b34e6a7f953e705e699740b>

So it would appear Gordon is leaving.

EDIT 1: After sitting back down and going through the insider forms on Ellen R Gordon, It would appear that she has been with TR for a LONG time. Here is a [FORTUNE](<https://fortune.com/2021/01/31/tootsie-roll-ceo-ellen-gordon-tr-stock-shares-gamestop/>) article about the 89 year old President and CEO. The article is from jan 31, '21 and it states :

<https://preview.redd.it/xl2ujt3w3f581.png?width=663&format;=png&auto;=webp&s;=b9d2c9307c04c1a3022ff92a4eeacb386d876681>

So her Late husband was the CEO before she was CEO. Wonder why they're voting her off. Respect the dead right? She was President of the company since 1978, but the earliest I can show you is 2003, which can be verified on her first form 4 :12/2003

[Her first positioning](<https://preview.redd.it/73bp8m7t4f581.png?width=1332&format;=png&auto;=webp&s;=428b367efa5b8587e32569d25c9287e97b65eabe>)

Her list of form 4's (insider buying/selling) is [found here](<https://www.sec.gov/edgar/browse/?CIK=0001250340>).

Whale Wisdom shows that she only had one insider form for the past year, ending with ownership of ~46M shares but I can't seem to be able to verify that yet. still going on these. .

[whale wisdom says 46m in there..](<https://preview.redd.it/a1b9r0962f581.png?width=1349&format;=png&auto;=webp&s;=602ddd0dfb3260eba49b02bfc504a9e99670a5ef>)

but SEC says this for her insider history :

<https://preview.redd.it/d9brr55s5f581.png?width=1347&format;=png&auto;=webp&s;=7ff9e1ec15a446521d686919db60f63c0e7d2d9e>

Wondering about why they would remove her after her husband passed in 2013. If you read the Fortune article above you would know that his name was Melvin J Gordon.

I'll revert back to the article because it was well written. This chick was a GANGSTER. Definitely went to wu tang high.

<https://preview.redd.it/iee0pvjw6f581.png?width=672&format;=png&auto;=webp&s;=f12f6c8ccda00663cd4a7e48bbd8ae9c43d764b7>

Her family was involved with the company since its inception. So it truly makes me question the companies motive's in removing her and her name from the excess benefits plan. I stand with RC if this issue is why he brought it up.

The last paragraph in the article got me. (") "It's basically the same Tootsie Roll all these years," she [told the Chicago Tribune in 1996](<https://www.chicagotribune.com/news/ct-xpm-1996-07-03-9607030255-story.html>). "People like to give it to their children, pass on the candy, and the memories that go with it, from one generation to the next.(")

Until blackrock came the fuck along. Going into the 13D/G's They are the only institutional investor now with 5.4%. [SEC 13D source](https://www.sec.gov/Archives/edgar/data/0000098677/000083423721007027/us8905161076_020221.txt)

Vangaurd has 2 13G's which show they were on the board with 5.40% ownership in [02/2019](<https://www.sec.gov/Archives/edgar/data/98677/000093247119005814/tootsierollindustriesinc.htm>) and 4.92% ownership in [02/2020](<https://www.sec.gov/Archives/edgar/data/98677/000110465920018896/tv02108-tootsierollindustrie.htm>).

Before that Wells fargo in 2008 and GAMCO in 2009. Long break with no 13d/g's until the blackrock.

Not sure if he's referring to the company or not but when going through the holdings for \$TR, I did find a couple things. Simplex doin some shit like always, ken G's buttbuddies.

Gonna use Whale since there's so much Fintel hate. Fintel hope you read this. You're fuckin up.

Simplex calls - \~\$3000+ per call for a while?

<https://preview.redd.it/32yxh6kokc581.png?width=1318&format=png&auto=webp&s=666bbf8271b3cb213276270c0017a3a726b36e73>

\$3400-3500 puts on \$TR? Wut doing simplex. Who'd all that money go to. Wonder who was selling 81,492 puts for you to buy them at that estimated assigned price. Smells funny. like burnt cheese.

<https://preview.redd.it/vh5s4l2fk581.png?width=1310&format=png&auto=webp&s=27b164d345513840f2b756cbdce6ed96cf1a847d>

And for anyone saying what is this bullshit here is their equity positions into \$tr to show they were assigned at a normal price.

<https://preview.redd.it/f78bpu64lc581.png?width=1327&format=png&auto=webp&s=26534fa4219a3d3977e540abe7b26c9d5a28961c>

Remember please. My opinion is that darkpools are for derivatives.

Also seems strange that susqehanna would have 0 puts at the end of december and then 500,000 of them.

<https://preview.redd.it/4ezlwx3zmc581.png?width=1268&format=png&auto=webp&s=aaac0a4693ed1dba746a4a33f0a5224f0da6900>

especially when they only OWNED 200,000 shares.

<https://preview.redd.it/zzbhcb36nc581.png?width=1269&format=png&auto=webp&s=31dcfa12ab78b3a90e78b96654fa975ce23e071f>

Figured since there was an easy connection i'd hit in. Will edit this later with company history and if there is a deeper value to the tweet.

Thank god for us gamestoppin the gamestoppers gamestopping gamestop, right?

oh yeah, tldr? \$TR chart = ■(frivolously related output gap. Also she was a lifetime president and CEO. Removing her is bullshit. #vulturecapitalism
