"The world's biggest exchange-traded fund posted its **\*\*worst monthly outflow in its near three-decade history\*\*** with investors selling the Monday stock rebound en masse."

"Some \$6.96 billion exited Monday alone -- the largest daily outflow in almost four years -- as the S&P; 500 jumped 1.9%."

I do believe the end is near frens. I can hear the thrusters on the GME rocket turning on! Are you ready to make history? Buckle up! Nothing can stop what is coming! **\*\*Hedgies are fooked!\*\***

Gamestop is going to the moon...and beyond!
