Damn. You son of a bitches. All of ya. I'm sitting here by myself on NYE and I'm writing this last writeup. I've been on twitter for a while. You all know me. Let's look at a couple things.

Here we have a special tweet. this thing clicked on me the other day and when it did, I said OOOOH no shit.

<https://preview.redd.it/9jrbjrd591981.png?width=624&format;=png&auto;=webp&s;=1cf0dbc4a5157377fb0935a8679020667e61806f>

1 if gamestop is the "player" in "the game", it's been transformed into a ■. A ■ is a Frivolously Related Output Gap. Like [\$GME]([https://twitter.com/search?q=%24GME&src;=cashtag\\_click](https://twitter.com/search?q=%24GME&src;=cashtag_click)) and how it doesn't seem to follow any fundamental basis for its stock movement. Cohen was given to the player as the cure. Cute right? Took me way too long to figure out what it meant to me.

This also would relate to me to ■■, personally.

Cohen tweeted 2/21.

Mcdonalds did the 10-K the day before on 2/23/21. Thats in writeup. Going back far enough in the filings found Bonds issued in the billions in only foreign currencies...

As for the DFV tweet.... got that red ring in the cone... Power-up so there's knowledge to find. NTDOY didnt have a frog tho. MCD did.

This was the mcdonalds tweet to set me off.

<https://preview.redd.it/w5dd6aai91981.png?width=680&format;=png&auto;=webp&s;=dddf378a5adf7f8a46a2f34b172cc96a01024a59>

I don't present these as fact, I present these as opinionated interpretations based on data.

data (lol): [<https://sec.gov/ix?doc=/Archives/edgar/data/63908/000006390821000013/mcd-20201231.htm> ...](<https://t.co/ufaRffyQfR>)

Have you guys even seen how many MCD underwriters there ARE? on the 2020 bonds it was

<https://preview.redd.it/ci6dzsvq91981.png?width=680&format;=png&auto;=webp&s;=7e98708af33ab1deb471555d79294f4a7b6c6f93>

The bonds could be redeemed in one year. sure is close to the dfv tweet.

\#hetriedtoshowyou

the following screens are of the '20 bonds. I had a gut feeling to look. #leveraged

and that would be on top of these bonds that i had found in this writeup for 15b foreign currency. 1/1/20.

For the lazy..

Why did I look into mcdonalds? Because of the dfv tweet above, the chart displayed broken fundamentals so it was a FROG. I looked for FROGS because Cohen's MCD tweet. I wondered if FROG was a stock term ... it was. Then after that came CONE POO CHAIR. Which is fucking bullshit because IT'S NOT A RYAN COHEN TWEET!

everyone's like dfv is showing us to DRS , yet gill never did. You got gaslighted and played. ■

Wouldn't want you to ACTUALLY go through my posts to see that not one of these has been negated or disproven, only "not believed." Red pill Blue pill I guess. Probably watch the news for updates on moass.

Heh. Where's the media coverage on GameStop NFT marketplace, the FTDs, the evidence ken griffin lied or vlad lied and it was factual he was margin called. Where's the questioning of why CITADEL gave MELVIN the injection instead of Robinhood. Melvin was on the opposite side of the trade!

If you don't know about china and MCD history. Look into chinese icecream companies. Heh. Haagen-Daas. Gotta pay attention to those little amendments they slip in.

Good thing I did the whole ice cream sector when i did the frog ICEcream tweet. It was either the icecream supplier, the cone supplier, or mcdonalds itself. Because with every single fucking tweet, this analyst tried to show you which ways to look for a DEEPER VALUE.

How many of you truly tried to figure this out? Tried to see his perspective so you would KNOW the key to what was shown? Did you look up a stock frog? icecream OR cone supply for mcdonalds? Did you DD mcdonalds? Did you DD mcdonalds to know about the ice cream supply chain in china is being monopolized and haagen-daas is a key player?

I fucking did. and when I did. I found a deeper value.

I'm gonna figure some things out. There are a few things that I didn't release.. But to be honest I don't think they will help you. only bring you harm. There are many forces at play and the situation you are in, is NOT a black swan. This is a planned swan.

Go through my profile. There is enough there to shatter the illusion. BUT, you have to want to know the truth.

No matter what. Have a beautiful year and I hope that the 6 months of my life that I spent on all of this truly helps new investors know about DFV and the message since all you bitches got quiet..

Edit = Sorry for the buzzed typing last night. Spent new years alone with a beer going through GameStop's metaverse code..

I alone make the machines of Zion hear me. Fuck them.

All I am offering is The Truth.

Knowledge is POWER. POWER TO US PLAYERS.
