Hi. I DRS'ed one GME share through IBKR from Greece and just got my first mail. I am currently waiting for my 5-digit activation number.

****First question:**** I finally created an account on CS and put some security questions. Now, I get [this](<https://ibb.co/r5zYR7R>) when I try to login. I am guessing that's good, right? I don't have to do anything else in order for it (the second mail) to get sent?

****Second question:**** (Part 1) W-8BEN, why is it recommended and is it actually necessary? I'd like to have 0 relations with the IRS so an explanation from you will be really helpful!

(Part 2 of second question) Is the IRS actually going to take 30% of my gains? According to [this](<https://ibb.co/C63d2vP>) it says that I'm obliged to. ****Third question:**** As a European, can I buy DRS'ed GME shares straight through CS or will I have to buy them on IBKR and then DRS them every time for a fee?

****Fourth Question:**** I believe there is DD on how to sell as a European on CS, but I can't really find it. Is it simple? Any info is appreciated.
