GME is set to takeoff I believe. These crooks will get what's coming. They think they can just slice up the stock and tell me "well the taxes are the same", "it's the same corporate action", they think I will just go away. They thought we wouldn't notice and when we did they sent their minions to downvote and fake debunk. They all think they can outlast me, well I'm calling BS. Maybe it's the DTC, maybe it's the brokers, maybe this conspiracy goes much deeper. I can wait for the next 20, 30, 50 years if I need to. The beautiful thing is, it won't be that long, I can feel it. Hodl, DRS, and wait for the legal notices.
