****Look at this:****

[stupid and made up tweet. control your erection.](<https://preview.redd.it/brgmplvwer981.png?width=1192&format=png&auto=webp&s=8495e1d0474d26476dd06aa5aa413d9b655449c4>)

****And this:****

[another one. don't get your tits jacked, please.](<https://preview.redd.it/wyj04gpver981.png?width=1192&format=png&auto=webp&s=2ddf2fb8fa3685e2d0cbd36282d79e4188f0ec17>)

This is all made up! But if it were true, would we all get an erection and share this like crazy? You know we would. Just like we share this Lamborghini NFT nonsense right now.

Lamborghini has nothing to do with GME. But they do their NFT bullshit for a reason. They know who they want to reach - a huge audience of (potential) millionaires. Us.

Currently we allow our gme subs to become their advertising spaces.

We don't want to let *****buy, hold, drs***** become *****buy, hold, drs and wait for lambo*****. Even if only in our heads.

I can assure you that their marketing team wants it badly, partially because they need masses to desire Lamborghinis so snobbish people with money actually buy them for that very reason.

****My financial advice:**** Fuck Lamborghini and all other companies that (will) try to monetise on this ape phenomenon.

Just like we fucked NFTcon.

If my arguments don't work on you watch this excerpt from South Park which summarises to the point how marketing and NFTs work together nowadays (spoiler - it's funny): (<https://www.youtube.com/watch?v=N8f-BQFo7lw&t;>)

We have to be better and stronger than this. We are.
