Alright, the last couple of days I have gotten stuck at watching stock tickers, and I noticed a pattern.

**\*\*Everything is moving in tandem\*\***

I thought that this was something everyone knew but then I saw a [post]([https://www.reddit.com/r/Superstonk/comments/sercg5/is\\_the\\_us\\_market\\_a\\_giant\\_ponzi\\_scheme\\_at\\_around/](https://www.reddit.com/r/Superstonk/comments/sercg5/is_the_us_market_a_giant_ponzi_scheme_at_around/)) by [u/dilkmud0002](<https://www.reddit.com/u/dilkmud0002/>) and saw that, hey, not everyone seems to have noticed this. And that's where this post comes in, I will now present you with multiple stock tickers with a 5-day chart. Some of these tickers are big ones, some you might not even have heard of. **\*\*Let's begin\*\***

Let's use the S&P; 500 as our "benchmark", remember this 5-day pattern.

[S&P; 500](<https://preview.redd.it/07d0iljz9he81.png?width=898&format=png&auto=webp&s=b044c6fc153eff08b2f7bdb3d9f63b8427ab45c>)

Dow Jones Industrial, very similar pattern to S&P; 500, but hey, they are both very big indexes so of course they might be similar. Let's continue.

[DOW 30](<https://preview.redd.it/f82yngc1ahe81.png?width=901&format=png&auto=webp&s=ac34df95c7b7da25b4ffb5c7d29da7de7c5e286a>)

Same pattern, again. Also on a big index. Let's move on.

[NASDAQ](<https://preview.redd.it/8k8szv43ahe81.png?width=900&format=png&auto=webp&s=8f346b9cd7aa585a77672e06233112e5a5d40fea>)

R2000, big index similar pattern. MOVE ON.

[RUSSELL 2000](<https://preview.redd.it/n26asgw4ahe81.png?width=903&format=png&auto=webp&s=1eb2699629abfe0904cc64a590af497881daf80a>)

Below here we see a big tech startup with very similar pattern to the major indexes.

[69 hehe nice](<https://preview.redd.it/n3mvaqa7ahe81.png?width=908&format=png&auto=webp&s=324535054e41e329d34d93c1e358eae2ac2138>)

Below here we see, honestly I don't know shit about this company, just found it on yahoo. Again, similar pattern.

[IDEX](<https://preview.redd.it/3t6t4mv8ahe81.png?width=893&format=png&auto=webp&s=3658bd4c240e99527034049bfa4a5f007a75bf1c>)

We can even see this pattern in the big players such as Tesla.

[TSLA](<https://preview.redd.it/e6ig7seaahe81.png?width=898&format=png&auto=webp&s=d89a01c5b8ade03ed9dbb3e1cf6a9fc7bb5ddc0d>)

I could go on for days here, if you want to see this for yourself, just go to the GME chart on Yahoo and on the right you will see a "People Also Watch" tab, click any stock there and it will have the same pattern.

**\*\*TL;DR: The whole market is moving in tandem, did you not read the title?\*\***
